

NAF/NAAR 2018 Session program

Updated 24.5.2018

NAF/
NAAR

Thursday 14.30-16.00, Auditorium 1
Session 1: Circularity and ecology
Chair: Ranja Hautamäki
<i>Paper 1:</i> Increased use of timber in new buildings in Oslo and Akershus: Potentials and GHG emission effects (Marius Nygaard, Isaak Elias Skjeseth Bashevkin, Ute Groba & Catherine Sunter)
<i>Paper 2:</i> Interlinking forest resources with city planning: a data-driven case study (Pasi Aalto, Adrian Tobias Werner, Knut Bjørkelo & Simon James Loveland)
<i>Paper 3:</i> How well is Finland prepared for a large-scale flooding? (Ulla-Maija Rimpiläinen; Antti Parjanne & Jari Silander)
<i>Paper 4:</i> Ecological perspective in urban planner's role - Biodiversity as a resource (Laura Uimonen)

Thursday 16.15-17.45, Auditorium 1	Thursday 16.15-17.45, Watt/Edison
Session 2: Theory and its uses I: Transformation and Change	Session 3: Spatial and social interaction / co-creation
Chair: Julia Fredriksson	Chair: Pirjo Sanaksenaho
<i>Paper 1:</i> Campus in transition: transforming a modernistic neighbourhood into a city (Anna Kholina)	<i>Paper 1:</i> Two Design-Developer Competitions: - Searching for affordable housing in Gothenburg and Stockholm (Magnus Rönn)
<i>Paper 4:</i> Spatialising the Social - Architecture as a dialogical tool for the urban (Jan Lilliendahl Larsen & Jens Brandt)	<i>Paper 2:</i> Co-creation of spatial knowledge: Visual mapping and communication of values and perceptions of suburban places (Liane Thuvander, Jenny Stenberg & Alfredo Torrez)
<i>Paper 3:</i> Is the Game Changer Still Playing the Same Game - AI, Architecture and Active Form (Anders Rubing)	<i>Paper 3:</i> Mediating 'Temporary Use' in Cities Accounts of selected practitioners (Hella Hernberg)
	<i>Paper 4:</i> Temporary Use in Latin America: An Exploration (Dalia Milián Bernal)

Friday 10.15-11.45, Auditorium 1
Session 4: Circular built environment
Chair: Leif Östman
<i>Paper 1:</i> The past in the future: investigating values of circularity (Birgitte T. Eybye & Lars N. Bock)
<i>Paper 2:</i> Secondary resources in architecture (Inge Vestergaard & Guillermo Martín Jiménez)
<i>Paper 3:</i> Towards resource-efficient urban structure: Devising urban dimensions for resource efficiency (Annuska Rantanen & Jaana Vanhatalo)
<i>Paper 4:</i> Negotiation quality for the built environment (Heidi Ramsvik)

Friday 12.45-14.15, Auditorium 1	Friday 12.45-14.15, Watt/Edison
Session 5: Theory and its uses II: Aesthetics, experience and empathy	Session 6: Transition and time
Chair: Anna-Maija Ylimaula	Chair: Elin Børrud
<i>Paper 1:</i> Resilient aesthetics - architectural properties that may never go out of style (Nicolai Bo Andersen)	<i>Paper 1:</i> Park in Flux - Change and Continuity in Planning Discourse of Kaisaniemi Park (Ranja Hautamäki & Julia Donner)
<i>Paper 2:</i> Drawing time – telling future weathering as architectural motif, resource and informant (Albert Algreen-Petersen)	<i>Paper 2:</i> Identifying approaches to infill planning in uncertainty (Hanna Kosunen)
<i>Paper 3:</i> Towards urban sustainability - Designing affordable housing with empathy (Helena Sandman, Nina Savela & Jarkko Levänen)	<i>Paper 3:</i> Decentralizing Creative Clusters along Ring Roads: Espoo Innovation Garden Case Study (Alia'a K. Amr)
<i>Paper 4:</i> Blinded by history, unravelling the roots of architecture for visually impaired people (Wim Wiklund)	<i>Paper 4:</i> Resilience of urban planning practices (Leif Östman)
