

# CoLaB™

## summer school/ Holmen August 2nd – 14th 2021

### WindEagle Kinney-Linton Ehama Institute, US Morten Meldgaard, DK

The CoLaB™ summer school aims at trying out new forms of creating and discussing innovative solutions for existing problems. In a collective of students, we will explore new tools for co-creation and problem solving, while learning ancient modes of listening and human growth. Students of architecture, design, film, dance, music combined will set a new standard for cocreation and innovative potential.

The summer school is open to students from all of the creative educations at Holmen, free of charge, by application only. Your application should contain information as to your place of study, year, email as well as a statement of your special contribution before June 10th. to: [morten.meldgaard@kglakademi.dk](mailto:morten.meldgaard@kglakademi.dk)
